WHEN IN THE OFFICE

His talent stood out already in the first interview and he was admitted without a written test. He hasn't refuted the expectations since then, even though he's no longer familiar with the White Nights from the movie, only.

WHEN OUTSIDE

Ádám is a classical music lover and a sports fan at the same time. As a native in Veszprém, he has been competing handball for years, but recently he has exchanged the ball for a road bike.
